Thousands of our own great bargains at the big store that cuts the shoe prices.

**C. E. HILTS SHOE CO., SIXTH AND FRANKLIN AV.**

## FOOTPAD HATS CHARLES KUNKEL.

Robber's Bullets Directed at Well-Known Musician Go Wild—No Arrests.

Charles Kunkel of No. 282 West Pine boulevard, a well-known musician, was shot upon by a highwayman early yesterday morning. None of the shots took effect, and Mr. Kunkel made his escape in a hurry, leaving the robber in possession of the street.

Mr. Kunkel was on his way home at the time of the hold-up, which occurred shortly before 1 o'clock. He was walking west on Laclede avenue, approaching Grand, when he overtook a well-dressed man, who staggered about as if he were drunk. As Mr. Kunkel drew alongside him the man touched him on the shoulder. On turning around, Mr. Kunkel looked into the muzzle of a large revolver.

"Stand still!" the stranger ordered, as he took a step forward. Mr. Kunkel did not wait for developments, but ran west as fast as his legs could carry him. The stranger followed a few paces, firing as he ran, but the bullets all went wild. He reported the case to the police, but when they reached the scene the man was nowhere to be found. Captain Joyce of the Eighth Police District, in his official report, states it is his opinion that the man was merely under the influence of liquor and did not know what he was doing.

Mr. Kunkel is a member of the firm of Kunkel Bros., music publishers, at No. 237 Locust street.

About 1 o'clock a man answering the exact description of the highwayman who attempted to hold up Mr. Kunkel staggered into Fred Michael's saloon at No. 218 Lexington avenue and snatched a revolver in Michael's face, but the carbide failed to explode. The man then fled from the saloon.

### WILL HELP WORLD'S FAIR.

Society Plans to Have Exhibit From Every Known Country.

Buffalo, N. Y., Nov. 2.—A resolution has been adopted by the International Geographic Society, recently organized at the Pan-American Exposition which is expected to result in the St. Louis Fair having one remarkable feature that has never been secured by any exposition. This is the representation by exhibits of every known country on the globe.

The resolution was moved at yesterday's executive meeting of the society by Commissioner Kingsbury of Rhode Island. It provides for the appointment of a committee to co-operate with the St. Louis Exposition officials in securing an extensive representation at that fair of all known countries.

President Jackson of the society, who is also president of the well-known Alaska Geographic Society, and Commissioner from Alaska to the Pan-American and Charleston expositions, said in an interview with The Republic correspondent:

"We have passed this resolution in good faith and are prepared to go even further than its wording implies. We will undertake, as a society, to secure an exhibit for the World's Fair from every State or nation, thus giving it an opportunity to be the first complete exposition that the world has ever seen."

The International Geographic Society was organized in Buffalo at the exposition a few weeks ago for the express purpose of promoting intercourse between nations and of educating the public concerning countries now little known. It numbers among its charter members all of the important foreign and domestic Commissioners to the Pan-American.

### WIFE'S APPEAL MOVED COURT.

Husband Released on Strength of Her Pleading.

Judge Clark of the Court of Criminal Correction, moved by a wife's appeal, yesterday ordered the discharge of Harry Cotter of No. 427 St. Ferdinand avenue, who was arrested on a charge of collecting money from fellow-workmen on the pretense that his little son was dead and he did not have money to bury the body.

Cotter's wife, carrying a babe upon her arm and leading another by the hand, entered the courtroom yesterday morning and made a pathetic appeal for her husband.

"Your Honor," she said, "he is all the support we have. I am not able to work, and if you send him to prison you will be taking bread from the mouths of these children." Judge Clark relented, though the case was not set for trial yesterday, and ordered it placed on the docket, and at his suggestion Prosecuting Attorney Clover entered a nolle prosequi.

Cotter was then released and he went home with his wife and children after receiving a severe reprimand from the court.

Cotter was employed at the American Red Factory at No. 461 Easton avenue. A few days ago, it is said, he went to his friends at the factory and represented that his son was dead. Thomas P. Allen, a fellow-employee, took up a collection, procuring \$14.10.

Allen then went to Cotter's house and found the boy was not dead. Cotter was arrested and a warrant sworn out charging him with false pretenses. He said he did not represent the child was dead, but was dying.

### WILL RACE IN MIDAIR.

Ballooning May Become Fad in London—Aero Club Formed.

SPECIAL BY CABLE. London, Nov. 2.—A curious story is told by the Daily Mail this morning about the latest thing in the sporting world—the fad of ballooning, acquiring the balloons of one or more expert aeronauts. This equipped its members will hold races in midair and other contests.

Every week there will be ascents. It is anticipated that many well-known aeronauts will join at once. M. Santos-Dumont will be an honorary member. "Aeronautics are the cut of the future," said a prominent member to-day. We want more roads, and we shall find them in the air."

### QUEER BASIS FOR A LAWSUIT.

Political Candidate Claims Newspaper Broke a Contract.

SPECIAL BY CABLE. Paris, Nov. 2.—One of the most curious lawsuits ever tried in France is occupying the attention of the courts.

At the last election M. Le Provost de Launay, a Republican, desired to buy an organ. He went to the editor of a local newspaper and hired the front page for two months for a given sum.

His Republican opponents thought the idea a good one, and hired the second page, so the readers of the Journal de l'Evening were treated on the first page to a display of monarchy, and on the second page to praise of the Republic.

M. de Launay won the election, and is now suing its editor for breach of contract in leasing the second page to his opponent.

### NEW USE FOR AUTOMOBILES.

Burglars and Poachers Employ Them as Get-Away Wagons.

SPECIAL BY CABLE. Paris, Nov. 2.—Poachers and burglars are both adopting the automobile as a highly useful implement of trade.

It has been learned that acetylene lamps, suddenly lighted in a dark field, are very attractive to pheasants and other small game. The race is effected by laying out nets and then turning on the light. After an hour's time the marauders collect their quarry in automobiles, and, after loading the vehicle with a hundredweight of loot, sped swiftly away.

## SECRETS OF PERSONAL MAGNETISM LAID BARE.

Thousands of Dollars' Worth of Books on Personal Magnetism and Hypnotism to Be Given Away by a Noted Philadelphia College.

Hon. James R. Kenney, of Pennsylvania, Chairman of the Committee on Distribution.

Every One May Now Learn All the Secrets of These Mysterious Sciences at His Own Home.

HONORABLE JAMES R. KENNEY of Pennsylvania. Ex-Mayor of Reading, Pa., noted orator, author and scientist.

"I can honestly and conscientiously say from my long experience in dealing with people and from my personal acquaintance with many of the most prominent men in this country that there is no other thing which will help me so much in life as a thorough knowledge of Personal Magnetism," says Honorable James R. Kenney. "and for this reason I accepted the chairmanship of the Committee on Distribution of Works on Personal Magnetism and Hypnotism for the American College of Sciences of Philadelphia."

"The real secrets of Personal Magnetism and Hypnotism have always been jealously guarded by the few who knew them and kept them from the masses of the people. One who understands these sciences has an immeasurable advantage in the race of life. I want to put this information in the hands of every ambitious man and woman in this country."

The American College of Sciences has just appropriated \$10,000 to be used in printing books for free distribution, and if this does not supply the demand it will appropriate \$10,000 more. The books are absolutely free. They do not cost you a single cent.

"Tell me what kind of work you are engaged in; or, if sick, the disease from which you suffer; and I will send you the book which will put you on the road to success, health and strength. It matters not how successful you are, I will guarantee to help you to a still greater success. The work which I will send you is from the pens of the most eminent specialists of the country. It is richly illustrated with the finest half-tone engravings, and is intensely interesting from start to finish. It has been the means of changing the whole currents in the lives of hundreds of persons who were ready to give up in despair. You can learn home in a few days and use personal magnetism in your daily work without the knowledge of your most intimate friends. You can use it to influence others; you can use it to keep others from influencing you. You can positively cure the most obstinate chronic diseases and banish all bad habits."

"If you have not met with the business or social success which you desire; if you are not successful in winning and holding friends; if you are sick and are tired of taking drugs that do not cure; if you care to develop your memory or any other mental faculty to a higher state of perfection; or, lastly, if you wish to possess that subtle, invisible, intangible power that sways and rules the minds of men, you should write me to-day and let me send you a free copy of our new book. It will prove a revelation to you." Address JAMES R. KENNEY, 123 S. Commercial Union building, Philadelphia, Pa.

### TURNVEREIN ELECTS OFFICERS.

John B. Betz, Speaker, and Chas. Wetz, Assistant.

The Humboldt Turnverein on Wednesday night elected the following officers to serve one year:

John B. Betz, speaker; Charles J. Trebus, recording secretary; Joseph Seligman, corresponding secretary; Henry A. Heldmann, financial secretary; Stanislaus Korman, treasurer; Peter Kichel, custodian; F. A. Becker, chairman of Entertainment Committee; Louis Schaefer, chairman of Mental Culture Committee; Jacob Werner, librarian; Thomas Londa, first turnwart; Alphonse Kieffer, second turnwart; Henry Eichler, general manager; Emil Woerner, professor of physical culture.

Arrangements were also made for the Turnverein's annual euchre and dance on Thursday evening, November 7. Winners will receive useful and valuable prizes.

## Scrofula THE OFFSPRING OF HEREDITARY BLOOD TAIN.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and in the form of skin eruptions, catarrhs, weak eyes, offensive sores and abscesses and of tentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seale, 123 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and burst. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S. and a few bottles cured her entirely."

It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

Send for our free book and write our physicians about your case. We make no charge whatever for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## "Radiant Home" BASE BURNERS.

**EASIEST TO REGULATE.**  
**CONSUMES THE LEAST FUEL.**

Once Used, Always Used. No Other Will Do.

That's what every one says who uses the Radiant Home Base Burner. You can regulate them to suit yourself; they are durable and an ornament to any parlor; they have a perfect gas flue, which carries off the gas that forms in all Base Burners and prevents it from escaping into the room; that is why the air is always pure and fresh in the room where the Radiant Home Base Burner is used; they work so perfectly that one recommends the other, and that is why there are more Radiant Homes in use in St. Louis than all other Base Burners combined.
